- Retrieve, transport, and store pallets in high-bay racking systems.
- Perform put-away, replenishment, and order picking functions.
- Load and unload trailers when required.
- Accurately scan inventory using RF scanners or warehouse management systems (WMS).
- Verify product quantities, locations, and labels before moving inventory.
- Conduct daily pre-shift equipment inspections and report any mechanical issues immediately.
- Maintain accurate inventory through proper product handling and scanning procedures.
- Follow all OSHA regulations and company safety policies.
- Keep warehouse aisles clean, organized, and free of hazards.
- Assist with cycle counts and inventory audits as assigned.
- Work collaboratively with supervisors and warehouse team members to meet daily productivity goals.
- Perform additional warehouse duties as assigned.

## Qualifications

- **Must pass a standard background check** (insurance requirement).
- Minimum 1 year of recent experience operating a double reach forklift (**required**).
- Minimum 1 year of recent experience operating a sit-down forklift (**required**)
- Previous warehouse, distribution center, or logistics experience.
- Experience using RF scanners and Warehouse Management Systems (WMS) preferred.
- Ability to safely operate equipment in narrow aisles and at elevated heights.
- Strong attention to detail and commitment to inventory accuracy.
- Ability to work independently and as part of a team.
- Reliable attendance and punctuality are required.

## Physical Requirements

- Ability to stand for extended periods.
- Frequently lift, push, pull, and carry up to 50 pounds.

- Ability to work at elevated heights while operating warehouse equipment.
- Ability to bend, stoop, twist, and reach throughout the shift.
- Comfortable working in varying warehouse temperatures.
